MUMBAI, OCT. 29— Ichalkaranji based - KEN India has been awarded as top SME in India from amongst 40,000 applicants. Headed by Mr. Nikunj Bagdia, KEN is a dynamic visionary textile organization, specializing in providing high-quality fabrics and garments on a global scale. Mr. Bagdia informed that KEN's vision is to become Rs. crore textile company by 2030, emphasizing on quality, innovation, efficiency, world-class infrastructure, customer-centric empowered employees, knowledge sharing, wealth creation and environmental sustainability. Our company policy, Mr. Bagdia said, emphasizes internationally recognized business ethics and norms, setting apart from competitors. Honesty, integrity, human dignified ethical engagements with stakeholders drive our reputation and values, he added. Mr. Bagdia emphasised that KEN strives to maximize resource utilization, drive innovation, foster enterprise dynamism, and diversify operations. Our commitment to cost competitiveness, quality benchmarks, and efficient turnaround times aims to create customer value through continuous product innovation, skill development, and technological optimization, he stressed.

KEN India awarded as Top 100 SME in India

India SME 100 Awards

Axis Bank hosts the INDIA SME 100 Awards, honoring the top 100 SMEs selected by the India SME Forum jury. The evening also celebrates the top 20 companies in various categories, recognizing excellence in Growth, Financial Strength, Innovation, International Outlook, Corporate Governance, and People Capital with recommendation citations.

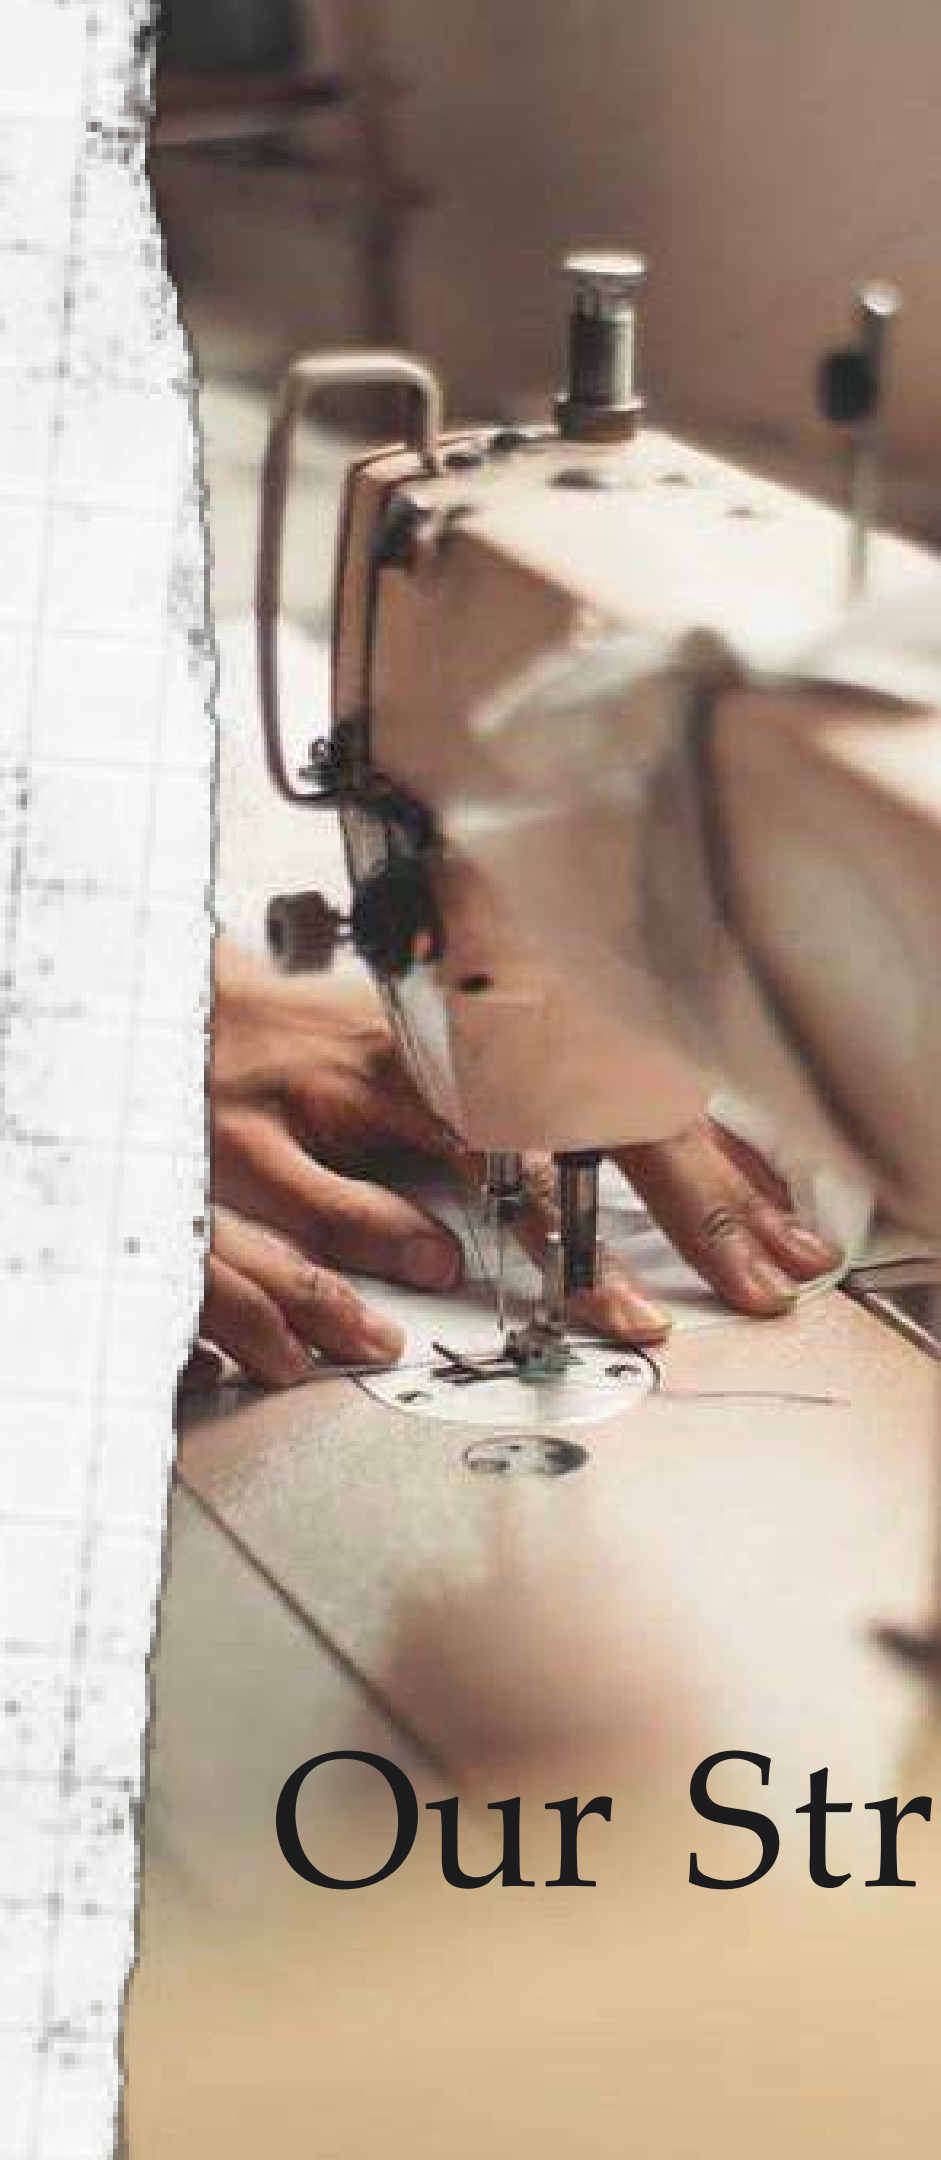

KEN India, based in Ichalkaranji, stands out as one of India's top 100 SMEs from a pool of 40,000 applicants. Guided by Mr. Nikunj Bagdia's vision, our dynamic textile organization has created 1200+ rural jobs and we are promoting reverse migration trend. We've rekindled talents, passion and dreams, forging a vibrant, sustainable future for all. Our core values emphasize quality, innovation and a customer-centric culture.
